4B DISASTER RESPONSE NETWORK AND EIGHT DAYS OF HOPE ANNOUNCE A MAJOR DISASTER RECOVERY EFFORT IN SE HOUSTON

Houston, TX, September 28th, 2018 — The 4B Disaster Response Network (4BDRN) along with Eight Days of Hope (EDOH) announced that they will be conducting another major rebuilding effort in Southeast Houston in October 2018 to help the area rebuild from the aftermath of Hurricane Harvey. Eight Days of Hope XVI will take place October 13 – 20, 2018. EDOH and 4BDRN are expecting more than 2,000 volunteers from the local area and from around the country to take part in this project. The goal of the project is to continue to help homeowners progress along the path to recovery from the damage caused by Hurricane Harvey.

The organizations partnered together previously in March 2018 to gather volunteers from across the nation to help rebuild hundreds of homes in back to back efforts designated Eight Days of Hope XIV and XV. The combined events spanned 15 days and involved 4,692 volunteers, making it the single largest volunteer rebuild effort over a 15-day period in U.S. history.

4B Disaster Response Network exists to mobilize a network of churches to reflect the gospel of Jesus Christ by serving people affected by disaster in the 4B area (from the Beltway to the Beach and the Bay to Brazoria County).

Eight Days of Hope is a nonprofit, faith-based organization committed to rebuilding the damaged homes of those affected by natural disasters. Since 2005, 32,451 Eight Days of Hope volunteers have helped to rebuild, remodel or refurbish 2,760 homes in Mississippi, Louisiana, Tennessee, Iowa, Alabama, North Carolina, South Carolina, and Texas on fifteen different relief trips. To date, more than forty-five million dollars of work has been completed by Eight Days of Hope.

We serve all people regardless of race, gender, religion or ethnicity. Please visit www.4BResponse.org or www.eightdaysofhope.com for more information, to provide financial support, or to volunteer for the upcoming event.
